State Policies

Return of Title IV Funds

The federal government has established a Return of Title IV Funds (R2T4) Policy. This policy requires Jersey College to perform a Return of Title IV funds calculation for Title IV recipients withdrawing or being terminated from their program of study after entering the institution and before completing 60.1% of the payment period. This calculation determines the amount of Title IV funds that a student has earned and the amount that must be returned to the federal programs. The amount of assistance that a student has earned is determined on a pro rata basis. For example, if a student completed 30% of a payment period or period of enrollment, the student earns 30% of the assistance the student was originally scheduled to receive. Once the student has completed more than 60% of the payment period or period of enrollment, the student earns all the assistance that such student was scheduled to receive for that period.

All unearned Title IV funds will be returned to the applicable federal program within forty-five (45) days from the effective date of withdrawal or termination. Students remain liable to Jersey College for all tuition and fees earned and not paid from Title IV or other funds.

Course Repeats

Tuition, fees and instructional charges related to course repeats in a credit program are refundable as set forth under “State Policies - Pennsylvania - Refund Policies - Withdrawal or Termination After the First Day of Class”.
